A public hearing was held. No persons came forward to speak either for or against the item.

Alderman Durrence: Mr. Mayor a question about item four. Ms. Jones, is she here? Could you come to the podium please? Item number four petition for Etta's Southern Café and Winery. There were some questions from the Victorian Neighborhood Association about whether or not there was going to be dinner service and whether or not this was beer and wine or alcohol. I see from this that it is beer, wine, and liquor. Do we have clarity about whether or not this was going to be a dinner restaurant or just breakfast and lunch? I think you were familiar with the questions Ms. Patterson had about this.

Judee Jones, Revenue Department: Alderman Durrence. I'm sorry, Judee Jones, Revenue Department. Alderman Durrence, I did conduct a site visit to this location. This location will be operating as a full service restaurant. The applicant had a restaurant over in Garden City and now she's moved to the City of Savannah. So, based on my inspection, I was satisfied that this business will be operating as a full service restaurant.

Alderman Durrence: Okay, will it wind up being a bar in the evenings? There were some question about the age limit that was going to be imposed on patrons.

Judee Jones: Not during my observation. The applicant did inform me that she does not want to allow young people into the establishment because she wants to keep this more of an adult atmosphere.

Alderman Durrence: Okay, thank you.

Alderman Johnson: I have a question. Mr. Mayor, I have a question. Ms. Jones did we just approve a bar in that area? Maybe end of last year?

Judee Jones: Yes, we approved the White Rabbit, I'm sorry, the Black Rabbit, which is located on Barnard and Henry Streets.

Alderman Johnson: Which is different than the White Rabbit which we will be approving today.

Judee Jones: The Black Rabbit is a full service, is operating as a bar/lounge.

Alderman Johnson: And it's in the same vicinity?

Judee Jones: Yes it is.

Alderman Johnson: Thank you.

Alderman Shabazz: Mr. Mayor.

Mayor DeLoach: Yes ma'am.

Alderman Shabazz: Ms. Jones, thank you for being here. On that same subject, how far is the Black Rabbit away from the Southern Café and Winery?

Judee Jones: It is approximately about a block and a half.

Alderman Shabazz: One block and a half.

Judee Jones: Yes.

Alderman Shabazz: Thank you.

Alderman Foster: I saw the other question, you didn't bring it up. How close is it to the church?

Judee Jones: It meets the requirement for the distance for church, this location does.

Alderman Foster: Just wanted to get it on the record.

Hearing closed upon motion of Alderman Durrence, seconded by Alderman Bell, and unanimously carried.

Approved upon motion of Alderman Hall, seconded by Alderman Shabazz, and unanimously carried.

[Draft Revisions to Ordinance 2-4061.pdf](#)

[ORD PROCUR 2-4061.pdf](#)

Mayor DeLoach: Dr. Shabazz you wanted to do 17, 18 and 19 correct?

Alderman Shabazz: Yes sir. Mr. Mayor, thank you so much. Much has been said and I want to thank the City Manager and the staff who has been working endless hours in making sure that our ordinances read correctly in reference to our purchasing ordinances. Items number 17, 18, and 19 are similar. I'm just going to read the motion to approve amendment of Section 2-4061(7) of the purchasing ordinance to address the local preference threshold of purchases over \$25,000. Make a motion to approve that. Do we need to take them all together?

Mayor DeLoach: Yes.

Alderman Shabazz: Item number 18, a motion to approve the amendment on Section 2-4063(5) of the purchasing ordinance to address the local preference threshold of purchases under \$25,000. And item number 19 is the motion to approve the amendments to Section 2-4042(21) of the purchasing ordinance to address the definition of local vendors. If you don't mind Mr. Mayor so that I could have it read into the record because all of the items mostly read the same. Mr. City Manager is our Purchasing Director or someone here so they can just read the part of the change, the new change of the language.

City Manager Hernandez: I'll go ahead, I'll gladly do that for you, Council member Shabazz. The first item, which is to address the local preference threshold for purchases over \$25,000. What that does is it allows a local bidder, if a local vendor's bid is within seven percent of the non-local low bidder's pricing, they will be allowed an opportunity to match the local price. If a Savannah Business Enterprise (SBE) vendor is within 10 percent of the non-local low bidder's pricing, they will also be afforded that opportunity. The same with a Disadvantaged Business Enterprise (DBE) if their bid is within 10 percent of the non-local low bidder's pricing with respect to purchases under \$25,000, the same applies. With respect to the definition of a local vendor, the local company must have a physical presence within the City limits. They must have a current City business tax receipt that has been issued by the City for at least one year prior to being able to bid on a City procurement. And they must also provide quantifiable services in the ordinary course of conducting business.

Alderman Shabazz: Thank you Mr. City Manager.

Approved upon motion of Alderman Shabazz, seconded by Alderman Johnson, and unanimously carried per the City Manager's recommendation.

So, apparently in order for the financing to move forward, the bank has requested that that agreement be terminated and a new one be executed in its place. So, item 35 is the termination, but then you're going to immediately approve a new agreement for water and sewer services as part of item number 36.

ADDED AGENDA ITEMS

[38. Motion to Amend Part 9, Chapter 1 of the Code of Ordinances to Provide Penalties for Possession of Marijuana](#)

[ordinance-sec-9-2026-marijuana-simple-possession.pdf](#)

Alderman Johnson: Thank you. Mr. Mayor, members of Council. We have discussed this, it certainly was on first reading on February 1, 2018. I will certainly be brief. This was an opportunity for Savannah to amend our code of ordinances to reduce the penalties for simple marijuana possession within the City of Savannah limits. Currently State law will stipulate that possession, simple possession of marijuana is a year in jail and a \$1,000 fine or public works of sorts. The State law allows us to be able to have what's called concurrent jurisdiction on this so we can actually affect an ordinance to address the penalties. This is an opportunity to increase positive outcomes in employment, education, and housing. It also addresses inequities in our criminal justice system and it offers drug treatment assistance to those who want it. This is in no way any attempt whatsoever to implicitly or explicitly or otherwise legalize marijuana or for us to express any official opinion on the legalization of marijuana for any use as of today in the State of Georgia marijuana is still illegal. Hence that's why we're creating penalties for it, but we're reducing the penalties from what they are right now. This is not also, this is also not an attempt to circumvent judicial jurisdiction of discretion if someone chooses to be heard in court. It's also an opportunity for public safety, we know that our officers spend an inordinate amount of time for simple possession arrests. We've estimated up to two hours is used to have a police officer out of service to be able to arrest someone, process them, and then transport them to the jail. We know there's a wear and tear involved on our vehicles for that. We also know that whenever a police officer affects an arrest, there is liability that is potentially caused whenever you have to put your hands on someone, so to speak. There are opportunities for use of force violations and sometimes very bad things to happen. And then of course the amount of time that an officer has to wait and I've done it before waiting to appear in court, which is probably one of the things that police officers hate the most. This provides officers still an option they can still charge under State law, but now this creates an opportunity within their toolbox for an officer to be able to charge under the City ordinance. Which I've talked to law enforcement officers across the Country and I've heard overwhelmingly that this is something that they think is very helpful for them. Also for policing and community relations. We talk about community policing. Well, I mean giving an individual another chance, so to speak, than creating an arrest record. And it's something that I think creates some better outcomes in terms of relations between police and citizens. And finally to prevent young people from entering the criminal justice system where we can. We know when someone is arrested, they are fingerprinted, we know that they have mugshots taken of them, we know that they receive what's called the defendant identification number, we know now they are in the system and that becomes an issue sometimes when they're trying to get employment. We know it becomes an issue when they're trying to find housing. We know it's an issue when they're trying to go to school. And so this creates an opportunity to really eliminate that but yet still say very strongly, this is still against the law and we're still penalizing you for this. And so of course, if someone doesn't get the lesson the first time the more times this occurs, then the coordinate judicial system will handle that and our court system has had very effective ways of dealing with that. So, I appreciate you all for allowing me to present this some weeks ago. I appreciate the first hearing and now I'm asking for us to go ahead and allow this to take place effective July 1st, because anytime you have a new ordinance there needs to be extensive training. I would hope that and I'm sure that Chief Revenew would definitely understand the need of making sure our officers are trained very well on what this ordinance means and the applicability of it. That gives us time to train our over 600 sworn police force on it. It also gives us a chance to train our citizens on what it is and what it's not as well. And so, we expect to have that done within the three month period and then effective July 1st, we can roll with it. So I'll make a motion for its approval.

Alderman Shabazz: Second

Alderman Hall: I just want all of our young people to understand that the City of Savannah is the only municipality with this ordinance. It doesn't apply to any other municipality, so I don't want this to be confused that if these kids are caught in Garden City or Port Wentworth to think that this covers them. It does not. Thank you.

Alderman Shabazz: Mr. Mayor, I just want to make a comment in reference to this motion. Moving forward that as I stated earlier, that I am not one that advocates any type of substance use, but as it's been stated by Alderman Johnson that this is not legalizing marijuana in our City. But because of true statistics that show that there is a serious disproportional amount of young people that are arrested for marijuana and there are some unfair treatment on some segments of people than there are of others. So, I do believe that this will be a good thing for the citizens of Savannah and especially our young people we need to and I'm hoping City Manager and others that we make this known we put it out on our website, we put it on our government channel. I'm asking the other Aldermen and our Mayor Pro-Tem as they move around to inform our community and neighborhood associations about this particular ordinance that's moving forward so that everybody can be clear. I think it's going to be a positive thing for the City of Savannah and again, I want to thank you Alderman Johnson for just having the courage and the stamina to stand with this and we are getting ready hopefully to move forward and passing this. Thank you.

Alderman Foster: Mr. Mayor and Council, I have to respectfully disagree. Marijuana is illegal federally and in the State of Georgia, and in all eight municipalities in this county for a reason. If you purchase marijuana, you are breaking the law. If you sell marijuana, you are breaking the law. You are both criminals at that point. Marijuana is an illegal drug for a reason. It creates problems that just interesting last night, Georgia public television was broadcasting a program on memory loss. He showed a brain before and after smoking marijuana and it affects the brain. It creates brain fog, it restricts blood flow to the brain and over time it helps create a lot of memory loss and there are other problems from using marijuana and I found interesting it was on the public television last night. I noticed the Sheriff was also on the news last night and the Sheriff of Chatham County says that no one is locked up and kept overnight for a misdemeanor. If I was a police officer, I'd like to not have to take more people too, but the law is the law. The message that we would be sending as a City is that this is a drug center and that you need to come to Savannah and buy your marijuana and smoke it here because the City of Savannah is not going to do much to penalize you. There are an awful lot of mothers and fathers and grandparents out there who disagree with this. I think it sends a message that if you live in this area, in this part of coastal Georgia that you want to come to Savannah to smoke marijuana. I can never agree to this. I think there are consequences government agencies, financial

institutions, cannot hire people who use marijuana, stays in your blood system for four weeks and you can't pass a blood test. So, we need to tell our children that marijuana is wrong and we do not need to encourage people to come to Savannah because we're only going to give you a ticket. We're going to have people sitting around on benches smoking marijuana because it's not even as bad as a speeding ticket. I agree with the Sheriff, nobody gets locked up in our jail because of a misdemeanor, they're either bonded out the same day or he lets them out on a personal bond. So, I cannot support this and I would be disappointed if this Council passes this. Thank you.

Alderman Johnson: Thank you. I have to just say, and I'm stating again, marijuana is illegal and it's against the law. This is not an attempt in any way to legalize marijuana. The interesting thing of it to me is really the application of the law. And as I stated before, we have what's called disproportionate minority contact. There are individuals who have smoked marijuana and because: A) their parents can afford an attorney to get it knocked down to disorderly conduct or because they're socially or politically connected, they, it just kind of goes away. I mean the fact that matter is, I don't use marijuana, never used marijuana. I don't know what y'all have done, but I don't do it. And I certainly need to be very clear about that. Although the Sheriff had his opinion, I think it's very notable that Chief Jack Lumpkin, who we highly respected, stood up with me and said he was in favor of what we were attempting to do. Chief Revenew, who is a well-known and decorated officer from Pooler and now here has also said he thought this was a good thing. We're not trying to say this is nothing wrong. I dispute that people just say we're going to come and smoke weed in Savannah. I mean people come and drink in Savannah and we say it's OK, but what I am saying is that until we have better ways of being able to fairly apply the law, number one and number two until we have ways of helping individuals to be able to address these issues. You will always have a class of people, of individuals if they can't find a job, if they can't find employment, if they can't find a place to be able to live, then we can. We talk about crime issues and poverty issues. Well, guess what leads to crime and to poverty. There is no one saying anywhere that you, if you fail a drug test, if you fail a drug test you shouldn't work with the City of Savannah we're very, very clear about that. But I just think that it's about time just because we're a historic City doesn't mean we have to think historically. We're in a position now we have an opportunity to be in front of the curve. This is where we're moving to. If you look at our ordinance as compared to ones in Clarkston and the one in Atlanta that is \$75, ours is \$150. They have no drug treatment, we're offering opportunities for drug treatment. So, and again, it's in the ordinance. I just wanted to thank the City Attorney Brooks Stillwell and Jennifer Herman who put in a lot of work and hours, and certainly our Police Department, Chief Revenew for putting in the work. But you know, it's a sign of the times. This is kind of where we're going and you know, I just I think I'm concerned about our young people and I'm concerned about us being able to send the message to them that because you made a mistake that your life has to be over because you can't afford an attorney or you don't have the hookup to get somebody to get you off of a charge and get it knocked down to disorderly conduct.

David Philcox: Mr. Mayor, Council. My name is David Philcox. At the age of 17, I was arrested for cannabis possession. I skipped homecoming just to do it. And I was arrested in the most idiotic of forms with a cannabis cigarette behind each ear. So, take it for what it's worth. But I immediately learned then that actions have consequences and I was young and foolish. But because of that, I was immediately detained and taken to Warner Robins Police Department. My mother had to come pick me up, crushed her heart. Beyond that, I couldn't even get a job at Target. And it's all honestly because of the way in which we manage these illegalities. Nobody here, I mean it's been stated in redundancy. Nobody here is trying to make this legalized. Nobody's saying come Savannah and do whatever you want. Last time I checked, even if it worked, that would still be public intoxication. Driving and smoking would still be a DUI. These are still serious offenses that need to be taken care of. But there are 16, 17, 18, 20 year olds that are going to jail and their futures are being taken away. They won't have the chance to work in an establishment because they won't have the chance to learn better. We're reducing the possibility to make things better for them.

Mayor DeLoach: Thank you sir. Appreciate it. I have a motion and I got a second.

Alderman Foster: Let's go on the board.

Approved upon motion of Alderman Johnson, seconded by Alderman Shabazz, and carried. A board vote was taken with the following voting in favor: Mayor DeLoach, Aldermen Bell, Miller, Durrence, Johnson, Thomas, Hall, and Shabazz. Alderman Foster voted against the motion.

WHEREAS, any fines and bond forfeitures arising from the prosecution of such cases shall be retained by the City pursuant to O.C.G.A. § 36-32-6(b); and

WHEREAS, currently there is no ordinance setting punishment for possession of less than one ounce of marijuana within the corporate limits of the City as authorized by the state; and

WHEREAS, enactment of an ordinance concerning the offense of simple marijuana possession within City limits is intended to enhance public safety and eliminate costs by reducing the amount of time police officers spend in connection with the arrest, processing and transportation of those accused of simple marijuana possession; and

WHEREAS, enactment of an ordinance concerning the offense of simple marijuana possession is further intended to prevent young people from entering the criminal justice system and avoiding the enduring stigma associated therewith; and

WHEREAS, it is not the intent of the City Council to legalize or otherwise decriminalize the possession of marijuana within the corporate limits of the City; and

WHEREAS, it is the desire of the Savannah City Council to specifically provide that a person convicted of a violation of Section 9-2026 shall be punished by a fine not to exceed \$150.00, or community service should the Court find financial circumstances so-dictate, and shall not be punished by a term of any imprisonment.

BE IT ORDAINED by the Mayor and Aldermen of the City of Savannah, Georgia, in regular meeting of Council assembled, and pursuant to lawful authority thereof:

SECTION 1: That Chapter 1, Personal Conduct, of Part 9, Offenses, of the Code of the City of Savannah, Georgia (2003) be amended by inserting Section 9-2026 entitled "Marijuana" as follows:

Sec. 9-2026. – Marijuana. It shall be unlawful for any person to possess one ounce or less of marijuana within the corporate limits of the City of Savannah. Any person found guilty of violating this section shall be punished by a fine not to exceed \$150.00. Where the Court finds that a defendant is without the financial means to pay a fine, the Court may direct the defendant to perform community service commensurate with the fine that would otherwise be imposed. In no event shall any person convicted of marijuana possession pursuant to this section be punished by imprisonment for any term. Any defendant charged hereunder with possession of one ounce or less of marijuana shall be entitled on request to have the case against the defendant transferred to the court having general misdemeanor jurisdiction in Chatham County.

SECTION 2: All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 3: This ordinance shall be effective once signed by the Mayor.

ADOPTED AND APPROVED: MARCH 1, 2018

Alderman Bell: I have a comment I wanted to make after the vote. My comment is that bear in mind, I want to remind my colleagues, the Council members that there is a Technical Assistance Grant that the Chief and I are working with three other people in the community. We're looking at pre arrest diversion for other misdemeanors as well as marijuana. So, for those of you who are so passionate about this and helping our young people and keeping them out of jail, remember that when we come back before you at the end of this Technical Assistance Grant. Thank you.

[39. Motion to Approve Agreement with Chatham Area Transit to Provide St. Patrick's Day Shuttle Service](#)

[2018 St. Patrick Day City-CAT MOU.pdf](#)

Alderman Miller: I think this is a grand program I'm glad to see us do it. Again, I go back to communication I see in here that CAT is going to be running services at the City's expense until 3:00 a.m. I would like to make sure that we prominently advertise that. In my years working with the police department, I found an awful lot of people between midnight and 3:00 trying to figure out where do you find the CAT bus? So, we need to dominantly point out, that's not the right word, but clearly point out where these buses are going to be and when they're going to be running. So, a lot of the people who are trying to get on this bus aren't necessarily at their best at the moment.

Alderman Durrence: I just wanted to clarify about the fee involved. There is a \$5 fee for using the shuttle. What the City will be paying is the difference between what that fee pays and what the cost of the service is.

Alderman Johnson: Which we don't know.

Alderman Hall: What is that?

Alderman Miller: \$15,000.

Alderman Bell: So, we'll pay a reduced cost?

Alderman Durrence: We will pay whatever the difference is between what fees are and cost.

City Manager Hernandez: It's capped at \$15,000.

Mayor DeLoach: It's free if you've got \$5, I think that's what it's saying.

Alderman Durrence: And there will be a shuttle from Port Wentworth as well.

Approved upon motion of Alderman Durrence, seconded by Alderman Johnson, and unanimously carried per the City Manager's recommendation.
