

SECTION 4
SPECIFIC SPECIFICATIONS AND SPECIAL CONDITIONS

ASPHALTIC CONCRETE

EVENT# 4042

- 4.0 The purpose of these specifications is to describe the requirements for hot asphaltic concrete for use by the City of Savannah Streets Maintenance Department.

To submit pricing electronically for this event, enter pricing for each line item shown under the lines tab on the event summary. To enter pricing manually, complete the attached bid proposal form. Bids must be submitted on the bid proposal forms contained in these specifications in order to be considered.

A pre-bid conference has been scheduled to be conducted at the Purchasing Office, third floor, City Hall, 2 E. Bay Street, Savannah, Georgia. This meeting will allow contractors to discuss the specifications and resolve any questions and/or misunderstandings that may arise with city staff. You are invited to attend.

4.1 Detailed Specifications

- 4.2 All material shall be delivered into City trucks at the supplier's stockpile and shall be weighed at such location with weight ticket signed by the driver and driver receiving one copy of the weight ticket. Scales shall be located near the hot mix plant so as not to require additional travel.
- 4.3 Each bidder shall provide the location of hot mix plant and scales on bid form. Scales shall be calibrated annually.
- 4.4 A visit to the stockpile will be conducted by the Street Maintenance Department prior to final approval of bids. The City shall determine the appropriateness of reserves at the bidder's stockpile.
- 4.5 The City's requirements vary from day to day and supplier should be prepared to load a truck within fifteen (15) minutes of arrival at the stockpile. Should the hot mix plant become inoperable while the City is awaiting material, trucks will be forwarded to a pre-arranged vendor, where asphalt will be purchased for the City's contract price.
- 4.6 In the event a substitute product is supplied, the lower price of the two items must be charged.
- 4.7 If materials cannot be supplied by the primary vendor, the City reserves the right to buy from a secondary vendor. Any additional cost incurred by the City shall be deducted from the primary vendor's next invoice. The supplier may have a pre-arranged agreement with another vendor to supply the City with materials at the same contract price during periods of inoperable equipment. The name of this vendor shall be included in the bid package.
- 4.8 Due to the volatile market conditions, this contract will allow for price changes on a quarterly

basis. Specifically, a review will be conducted jointly by the City and the successful vendor to determine the current market trend for asphaltic concrete. Based on this review, the price paid will be adjusted up or down. If an agreement cannot be reached, the City reserves the right to negotiate with the secondary vendor.

4.9 **Asphaltic Concrete**

- 4.9.1 All asphalt mixes shall comply with the specification set forth in Section 400.00 through 400.06 of the Department of Transportation (DOT) Standard Specifications.
- 4.9.2 All hot mix asphalt shall be supplied to the City's trucks at a temperature equal to that required by DOT specifications, and in the event the material supplied is below this temperature, that load will be deemed unsuitable and replacement of that load will be at no additional expense or cost to the City.
- 4.9.3 Because the City's requirements change daily, the supplier must be capable of providing, within a twelve (12) hour notice, the specific mix ordered. There will be no substitutions. The supplier must have the capability to change run mixes, as requested, to provide the materials needed.
- 4.9.4 Should any asphalt supplied remain unused at the end of a shift, the City shall return that surplus asphalt back to the vendor for recycling. If after normal business hours, the asphalt shall be discharged on a bed of sand at the City's storage site and shall be returned the following business day. The surplus asphalt shall be weighed prior to discharging and that weight recorded on a weigh ticket. The ticket shall be signed by the vendor and the driver with each retaining a copy of the ticket. Credit shall be given the City of Savannah at the market price for recyclable asphalt and noted on that day's billing.

4.10 **Basis of Award**

This contract will be awarded to the vendor(s) offering the lowest net price to the City and meeting or exceeding all specifications herein.

The City of Savannah reserves the right to award this contract to primary, secondary, and tertiary vendors. Secondary and tertiary suppliers may be selected to fill orders if the primary supplier cannot make provision to the City when time is of the essence.

5.0 **General Specifications**

5.1 The bid response must include the following documents in this order:

PROPOSED SCHEDULE OF M/WBE PARTICIPATION

All M/WBEs listed **must be certified as a minority-owned or women-owned business** by the City of Savannah or a federally-recognized or state-level certifying agency (such as USDOT, State DOT, SBA 8(a) or GMSDC) that utilizes certification standards comparable to the City of Savannah **prior** to the due date of this bid. **Other business certifications that do not specify majority woman or minority ownership may not be substituted. Proof of M/WBE certification from the certifying agency is required to accompany the bid.** A firm that has submitted an application for M/WBE certification but has **not** been certified is **not** qualified as a certified M/WBE and will not be recognized as such during the City's evaluation process. To expedite verification, please provide accurate phone numbers for all M/WBEs listed and ensure firms understand contact will be made following bid submittal.

The undersigned will enter into a formal agreement with the M/WBE Subcontractors/Proposers identified herein for work listed in this schedule, conditioned upon executing a contract with the Mayor and Aldermen of the City of Savannah. The Prime's subcontractor that subcontracts work must enter into a formal agreement with the tier subcontractor identified herein for work listed in this schedule. The Prime may count toward the goal any tier of M/WBE subcontractors and/or suppliers that will be utilized in the contract work. However, when an M/WBE subcontracts part of the work, the value of the subcontracted work may **only** be counted toward the goal **if the tier subcontractor is an M/WBE**. Any work an M/WBE firm subcontracts to a non-M/WBE firm **will not count toward the M/WBE goal**. It is the responsibility of the Prime contractor to advise all M/WBEs of this requirement and to ensure compliance by subcontractors.

Joint Venture Disclosure

If the prime bidder is a joint venture, please describe the nature of the joint venture, the level of work and the financial participation to be provided by the Minority/Female joint venture firm in the space provided below.

The Minority/Women Owned Business Office is available to assist with identifying certified M/WBEs. Please contact the M/WBE Office at (912) 652-3582. The City of Savannah's certified M/WBE registry is posted on its website @ www.savannahga.gov

Developing a Strong M/WBE Participation Plan

Key facts every bidder/proposer needs to know prior to developing their M/WBE Participation Plan:

1. All bidders/proposers must submit a “Proposed Schedule of M/WBE Participation” which identifies the minority and/or woman-owned companies that have agreed to participate in the project if awarded. All companies listed on the form must be certified as either **minority**-owned and controlled or **woman**-owned and controlled. The City does not accept a company’s “self-identification” as minority or woman-owned.
2. **Proof** of M/WBE certification from the certifying agency is required to accompany the bid; and certification must have been completed by the City of Savannah, a federally-recognized or a state-level certifying agency (USDOT, State DOT, SBA 8(a) or GMSDC) utilizing certification standards comparable to the City of Savannah.
3. The certification must have been approved **prior** to the due date of this bid. A firm that has submitted an application for certification but has **not** been certified will not be counted toward the M/WBE goal.
4. The M/WBE Office **will be contacting all M/WBE firms** included in the bidder’s M/WBE Plan to confirm each: a) was contacted by the bidder/proposer; b) performs the type of work listed; and c) agreed to participate.
5. To expedite the verification process, bidders/proposers need to: provide accurate phone numbers for all M/WBEs listed; ensure M/WBEs know to expect to be contacted by phone and email; request M/WBEs be accessible during the critical period before bid-opening; and advise M/WBEs that City staff **must** receive the M/WBE’s confirmation that the firm agreed to participate in the bid/proposal in order for the prime contractor to receive credit toward their proposed M/WBE participation goals.
6. If a proposed M/WBE cannot be confirmed as certified, performing the type of work described or agreeing to participate, the bidder/proposer will be notified and given a pre-determined period to submit a correction. If an M/WBE still cannot be confirmed or replaced, the proposed percentage of participation associated with the unverified M/WBE firm will **not be counted** and **will be deducted** from the overall proposed M/WBE goal.
7. Any tier of M/WBE subcontractors or suppliers that will be utilized in the contract work may count toward the MBE and WBE goal **as long as the tier subcontractors/suppliers are certified M/WBEs**. Work that an M/WBE subcontracts to a non-M/WBE firm does **not** count toward the M/WBE goal.
8. M/WBEs must perform a “**commercially useful function**” which is the provision of **real and actual work or products**, or performing a distinct element of work for which the business has the skills, qualifications and expertise, and the responsibility for the actual management and supervision of the work contracted.
9. Per the *Proposed Schedule of M/WBE Participation* “the undersigned (bidder/proposer) will enter into a formal agreement with the M/WBE Subcontractors/Proposers identified herein for work listed in this schedule, conditioned upon executing a contract with the Mayor and Aldermen of the City of Savannah.” **This signed commitment is taken seriously by the City**, so do not list M/WBEs you do not plan to utilize. Any proposed changes must be pre-approved by the M/WBE Office, be based on legitimate business-related reasons, and still meet the M/WBE participation goals per the City’s contract.
10. A bidder who is a certified M/WBE may count toward the goal the portion of work or services on a City contract that is actually performed by the M/WBE, including: the cost of supplies/materials purchased or equipment leased for contract work, fees for bona fide services such as professional or technical services, or for providing bonds or insurance specifically required for the performance of a City contract.
11. If awarded the contract, the MWBE Office **will be reviewing your company’s subcontracts, invoices and payment records** to substantiate the completion of work and payment of M/WBEs. If the prime contractor is an M/WBE that is being included in its M/WBE goal, the prime contractor must maintain records **that will be inspected** to prove the portion of work performed, cost of work, and payments to the prime company.
12. Most bids for goods and materials do not have specific MWBE goals established for the contract. If no goals are include in the scope of work or General Specifications, you are not required to submit MWBE participation but encouraged to do so when the opportunity is available. The City maintains this information for statistical purposes only and it is not reflected in the award decision.
