Re: Liberty Marker Relocation

Mr. Ryan Jarles
Mr. Gordon Denney

Good Afternoon:

This letter is written in response to Ryan's recent phone call and the email string he forwarded to me outlining your communications with Luciana Spracher, who I am cc'ing with this email.

On behalf of the Sons of the Revolution in Georgia, and as Chair of our Committee charged with seeking approval of this important project, we have reviewed the suggested Escrow Payment of \$200.00 which is an element of the City of Savannah approval process.

Steve Westgate, Chair of SOR, has polled our Board of Managers who unanimously voted to approve this expenditure. I therefore am authorized to communicate that commitment to City Council in advance of this Application being placed on the Council's Agenda.

We sincerely appreciate all the efforts undertaken by MPC and City Staff as this proposal has moved forward.

Lamar W. Davis, Jr.
