NOTES

Recommend approval to renew an annual contract for late night alternative transportation services with Downtowner in the amount of \$588,000. The Parking Services Department uses these services to provide on-demand transportation for populations within a defined geographic area or time. Downtowner provides services between 10 P.M. and 5 A.M. within the greater downtown area using two (2) electric vehicles provided by the company. These transport services are geared mainly to workers who park and live outside of the central business district and want safe, reliable transportation to and from their homes.

The method used for this procurement was the request for proposal, which evaluates criteria in addition to cost. Proposals were evaluated on the basis of qualifications and experience, technical capabilities, references, DBE participation, local vendor participation, and fees.

Proposals were received on May 1, 2018. This contract was originally approved by Council on November 18, 2018. This is the first of four renewals options available. Delivery: As needed. Terms: Net 30 days. The proposers were:
