

**A Resolution Approving Arena Exterior Architectural Design**

WHEREAS, the City of Savannah is building a 215,000-square-foot, 9,500-seat arena located on Stiles Avenue north of Gwinnett Street; and

WHEREAS, City Council has worked with Arena architect Perkins and Will to develop an architectural design that maximizes natural light through large glass facades, and includes towers flanking the entrance topped by glass lanterns that illuminate at night; and

WHEREAS, the building façade is a combination of masonry, stone, metal panel and glass that recalls Savannah’s great architecture while creating a new civic landmark.

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and Aldermen of the City of Savannah support this exterior architectural design as presented on September 26, 2019, and authorize the City Manager to move forward to complete the design of the project through construction documents.
