

Date: June 7, 2017

To the honorable Mayor Eddie DeLoach and Aldermen of the City of Savannah

Please accept Ghost Coast Distillery's formal request to add a Local Tour Bus Stand. The request is to locate an appropriate and safe tour bus loading and unloading zone along the Indian street corridor. Presently there are no stops located on Indian street. The area has added multiple tourist attractions that are seeing increasing volume of visitors. This volume increase warrants an assessment of a safe and convenient area for visitors to the city the ability to load and unload from tour company vehicles. I have included two photos of a potential loading and unloading zone along with the address range (601-645 Indian Street) for the proposed stop. Thank you for reviewing this proposal.

Sincerely,

Chris Sywassink
General Manager

cc- Tourism Management & Ambassadorship Department
