CONTRACT TERM (IF APPLICABLE) 2 years		
DBE (IF APPLICABLE)		
MATRIX		
NOTES		
<p>The railroad company will design the crossing for the widening of Stiles Avenue. This includes the design of all of the safety features that will be required by the railroad. When Stiles Avenue is widened from the railroad tracks to Louisville Rd, the new crossing design will be installed.</p> <p>This is a sole source because Norfolk Southern owns the track and is the only company that can provide design services for the railroad crossing.</p>
