### NOTES

Recommend approval to award an annual contract for landfill cover material to Savannah River Utilities (Savannah, GA) in an amount up to \$1,485,000. This contract will be used by the City of Savannah’s Sanitation Department – Refuse Disposal Division to provide cover material for usage at the Dean Forest Road Landfill. Landfills are covered with six inches of compressed soil daily. The soil covering acts as a seal to the compacted waste and prevents rodents (i.e. rats, mice), and other animals such as birds, and flying insects from getting into the landfill. As a permitted facility, daily cover is required in accordance with the Georgia Environmental Protection Division (EPD) rules. Quantity requirements range from 12,000 to 15,000 tons annually.

The contract expires May 11, 2023, and has four renewal options available.

Bid was advertised, opened, and reviewed. Delivery: As needed. Terms: Net 30 days. Bidders were:
