S/DBE (IF APPLICABLE)
This project was not identified as an SBE project because the requirement of three certified SBEs could not be met at the time that this event was released.

MATRIX (IF APPLICABLE)
N/A

NOTES

Recommend approval of Contract Modification No. 1 for recycled crushed aggregate stone to Savannah River Utilities (Savannah, GA)^(F) in an amount up to \$60,000. This contract is utilized to procure recycled crushed aggregate (i.e. stone, concrete, asphalt) to support operations within the Sanitation Department. The maximum contract amount has been reached due to the move towards closure of existing cells and the opening of the expansion site. The requested increase will allow Sanitation to continue, on a planned and as needed basis, to support central operations, particularly at the Dean Forest Road Landfill. A landfill cell is a single, lined waste-holding unit within the larger landfill property/site.

The method used for this procurement was a bid. The amendment to the contract term shall be March 24, 2022.

The original contract was approved by City Council on February 5, 2021 in the amount of \$54,325. Contract modification No. 1 would raise the amount of the contract from \$54,325 to \$114,325.

Recommend approval of Contract Modification No. 1 in the amount up to \$60,000.

(F) Indicates local, non-DBE owned business possessing a City Business Tax Certificate for less than one year prior to the release of the bidding opportunity. Recommend approval.
