<p>Recommend approval to procure cancer benefit coverage for City firefighters from Georgia Municipal Association in the amount of \$40,000.</p> <p>Recently enacted House Bill 146 requires that all legally-organized fire departments in Georgia provide certain cancer benefits to their firefighters effective January 1, 2018. Because this law is new, the Georgia Municipal Association has developed a solution for Georgia cities that need this coverage, which provides financial protection to firefighters and their families in the event they contract cancer. This is a sole source because the Georgia Municipal Association is the only entity offering this program at this time.</p> <p>S.S.
