### NOTES

Recommend approval of a contract to procure iGel Thin Client Devices from Layer3 Communications, LLC in the amount of \$54,016.80.

The iGel application will allow us to re-purpose outdated PC's to provide cloud-based workspaces, which will extend the life of existing hardware, reduce carbon footprint, save capital expenditure, improve endpoint security and reduce operational costs. The iGel license will utilize hard drives stored on a server or existing data centers through a virtual desktop infrastructure.

The contract was competitively bid and awarded to Layer3 Communications, LLC through the Savannah First Initiative.
