<b>NOTES</b>		
<p>Recommend approval to renew an annual subscription agreement for SmartForce software with Adventos Corporation in the amount of \$49,000. The Savannah Police Department uses the SmartForce software to receive, share, and respond to a variety of different forms of communication covering all aspects of the Savannah Police Department’s daily operations. The software provides up to date information, announcements, intelligence, briefings, and other types of communication traditionally routed through email or through other less efficient processes.</p>		
<p>SmartForce was previously purchased by the City and approved by Council on March 28, 2019. This is a sole source because the software is currently installed and is crucial to the police department’s infrastructure. SmartForce is proprietary and can only be renewed through Adventos Corporation.</p>
