**NOTES**

Recommend approval to award an annual contract for yard waste management services to Daly Organics, LLC for up to \$200,000. The Sanitation Department will use the yard waste management services to dispose of vegetative material collected by the City of Savannah's yard waste program. The yard waste program provides residents disposal of up to 15 bags of yard waste weekly.

The method used for this procurement was the request for proposals (RFP), which evaluates criteria in addition to cost. The proposals were evaluated on the basis of proposer's qualifications and experience, including support capabilities, technical capabilities, references, fees and DBE participation goal. Due to the possibility of FEMA reimbursement, the 20 points for local participation preference was removed from the scoring criteria leaving a maximum of 80 points allowed for each vendor.

Two proposals were received in response to this RFP. All proposals were reviewed and fully evaluated by a selection committee of City staff. This contract expires on January 27, 2022 and has four renewal options.
