| <p>Recommend approval to procure a code publishing and content management system from enCodePlus in the amount of \$87,160.00. This cloud-based code publishing and content management system will migrate the City's current and new zoning ordinances, subdivision regulations, and code of ordinances, into the enCodePlus online content management, codification, and code publishing system. This will enable staff the in-house flexibility of drafting, editing, updating, amending, archiving, and publishing the City's code and ordinances, or any other guidelines, manuals, or plans to the web, plus access to a number value-added tools. The values of this unique cloud-based software include user-friendliness and access, reduced staff time, and the provision of state-of-the-art technology that will reflect positively on the City's progressiveness, transparency, and emphasis on customer support.</p> <p>This software platform is one-of-a-kind in that it is the only local government offering that enables the City licensed, password-protected access to draft, edit, annotate, update, amend, archive, and publish its planning and development ordinances to the web, together with a relational Geographic Information System (GIS). In the planning and local government industry, there are no other vendors, contractors, or consultants that are able to provide the above-described tools, services, or benefits of enCodePlus. These is a niche offering that is wholly unique to this software solution.</p> <p>Delivery: As needed. Terms: Net 30 days.
