NOTES

Recommend approval to renew a contract of taser devices with Taser International in the amount of \$219,280. The taser devices will be used by the Savannah Police department for the outfitting of patrol officers with a less-lethal TASER device as well as upgrade our current supply of TASER devices. We have 200 Taser X-2 currently in service and will need at least 70 more devices to outfit all of patrol. The TASER X-2 has been in service within the SPD for the past 5 years and is used as a less-lethal tool to minimize force and gain control of actively resistant/combatative subjects. The acquisition of additional devices as well as the continuation of our current TASER program supports the COS efforts to provide its officers the necessary tools to effectively service and protect the community while enforcing laws and ordinances utilizing the least amount of force necessary. Executing this quote would refresh all 200 current X2s with 200 new X2s and APPM batteries. It would also add an additional 70 weapons, APPM batteries, holsters and 550 cartridges. Lastly all 270 weapons would be covered under warranty for 5 years.

Delivery: As needed. Terms: Net 30 days. The bidders were:

S.S. Taser International (D-Scottsdale, AR)^D \$219,280
