### NOTES

Recommend approval to award a contract for engineering design and construction overview services for improvements to Lift Station #166 to Hussey, Gay, Bell, and DeYoung, Inc. for up to \$356,990. The Water and Sewer Planning and Engineering Department will use these services for the design of a new sanitary sewer forcemain to serve the existing Lift Station #166, which serves the Godley West service area, north of the airport and west of I-95.

The existing lift station design included an 8" forcemain to be built to serve the initial development in the area. The service area has matured and a second parallel forcemain is now required so that the pumps can keep pace with the increased flow of sanitary sewer.

The proposers were:

B.P.	Hussey, Gay, Bell, DeYoung, Inc., Consulting Engineers (Savannah, GA) <sup>(A)</sup>	\$356,990
	Thomas & Hutton (Savannah, GA) <sup>(A)</sup>	\$360,910
	EMC Engineering Services Inc. (Savannah, GA) <sup>(A)</sup>	\$340,605

A pre-proposal conference was conducted, and 17 vendors attended. (A) indicates local, DBE-owned business. (C) Indicates non-local, DBE-owned business. Recommend approval.

Local vendors notified via the supplier portal: Yes
