4.2 Satisfaction of DBE Goals; Good Faith Effort

The process by which the City determines whether an Offeror has met the City's DBE goal is set forth in the guidelines below:

- a. A bid shall be considered non-responsive unless a bidder meets either the DBE goal established for the contract or demonstrates good faith effort to meet the DBE goal.
- b. In order to meet the DBE goal of a solicitation, a bidder entity must submit the following information:
 - i. The names and addresses of each DBE that will participate in the contract;
 - ii. A description of the work that each DBE will perform;
 - iii. The percentage of the contract value that each DBE will receive.
 - iv. Written documentation, in a form acceptable to OBO, of the bidder's commitment to use each DBE whose participation the bidder submits to meet the contract goal; and
 - v. Written confirmation, in a form acceptable to OBO, from each DBE that it will participate in the contract as indicated by the bidder.
- c. The bidder should submit the above information as follows:
 - i. Under sealed bid procedures, the information should be provided with the sealed bid response; or
 - ii. Under requests for letters of interest or requests for proposals, the information should be provided with the initial letter of interest or proposal.

- d. If the information required by section (b) above is not provided in accordance with section (c) above, the information must be provided to the City of Savannah within three (3) business days after OBO notifies the bidder that it has not provided all the required information with its response. Failure to provide the City of Savannah with this information within such three (3) business days may be cause for the response to the solicitation to be deemed non-responsive.
- e. Determination of Good Faith Effort.
 - i. A bidder shall not be denied award of a contract due to failure to meet the assigned contract goal if the bidder timely (within the timeframes provided in paragraphs (c) and (d) above, as applicable) provides documentation demonstrating the bidder's good faith effort to meet the goal, as determined by the Program Coordinator. In making such determination, the Program Coordinator shall consider the quality, quantity, and extent of the various efforts that the bidder has made to meet the goal.
 - ii. The efforts that may be considered by the Program Coordinator include, but are not limited to:
 - 1. Soliciting through activities such as attendance at pre-bid meetings, advertising, or written notices, the interest of certified DBEs (or DBEs eligible for certification) that have the ability and capacity to perform the contract work. The bidder must solicit this interest in a timely manner to allow the DBEs to respond to the solicitation. The bidder must take appropriate steps to follow up initial solicitations of DBEs.
 - 2. Identifying the portions of the contract that could reasonably be performed by a DBE in order to increase the likelihood that the DBE goals will be achieved. This may include, where appropriate and commercially practicable, separating contract work items into segments more appropriate for participation by DBEs.
 - 3. Providing each interested DBE with adequate information about the plans, specifications, and requirements of the contract in a timely manner.
 - 4. Negotiating in good faith with each interested DBE. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and explaining why an agreement could not be reached with an interested DBE to perform the work. The fact that there may be some additional costs involved in subcontracting with DBEs is not in itself sufficient reason for a bidder's failure to meet the contract DBE goal, as long as such additional costs are reasonable, as determined by the Program Coordinator in his or her sole discretion.
 - iii. In determining whether a bidder has made a good faith effort, the Program Coordinator may also consider the level of participation proposed by the bidder and the level of participation proposed by other bidders. The closer the bidder's proposed participation is to the goal or to the proposed participation by other bidders, the greater the indication of good faith by the bidder.

4.3 Hire Savannah Program Participation

- 4.3.1 The City of Savannah seeks to increase the utilization of the local workforce to the greatest extent possible on City contracts. To achieve this priority, the City of Savannah Mayor and Aldermen endorse

Additional employer services are also available through WSC, including federally-subsidized training and/or wages for eligible activities.
- 4.3.4 The Contractor is fully responsible for the work performed under the contract, and this responsibility is not in any way diminished by the use of labor supplied by WSC, nor is the City of Savannah or WSC accepting any responsibility for non-compliance with the contract due to the performance, or lack thereof, on part of labor supplied by WSC.
- 4.3.5 The Contractor is responsible for the compliance of all contractors providing services under the Covered Contract, including subcontractors and lower-tier subcontractors but excluding material manufacturers and suppliers, with the requirements of the Hire Savannah Policy.
- 4.3.6 In responding to this solicitation, the bidder/proposer shall complete a Hire Savannah Agreement, indicating that it agrees to be bound to contractual obligations to use good faith efforts to meet Hire Savannah Program requirements and hire Qualifying Workers residing in Savannah, Georgia.

**SECTION 01310
DISADVANTAGED BUSINESS EMPLOYMENT PROVISIONS**

The City of Savannah actively encourages employment and participation of small and disadvantaged businesses in all City contracts. Attention of the bidders is called to contract conditions contained herein pertaining to non-discrimination, equal employment opportunity, subcontracts, and opportunities for project area residents.

It is the policy of the City of Savannah that disadvantaged business enterprises (DBEs) be given fair opportunity to participate in the performance of services for the City, and that prime contractors utilize DBE subcontractors and suppliers to the fullest extent possible consistent with the efficient performance of the contract. The City of Savannah has established an 18% DBE goal for this project.

In order to determine compliance, bidders shall **submit the following completed documents in a separate sealed envelope** clearly marked with the bid number, project name and number and **marked (Section 1310 Disadvantaged Business Employment Provisions)** with their bid:

1. Non-discrimination statement (Sec. 01310-3) and;
2. Proposed schedule of disadvantaged business enterprise participation (Sec. 01310-4)
and;
3. Documentation of Good Faith Efforts [**Submit only if the goals are not met.**]

Failure to submit the required documents shall result in the bid not being read or considered.

Suggestions to help meet the goal:

- ✓ Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation of DBEs.
- ✓ Advertising in general circulation media, trade association publications, or disadvantaged business enterprise media to solicit bids from DBE subcontractors or suppliers. **[Advertisement should appear at least 10 days prior to bid due date, unless the City's solicitation period is shortened.]**
- ✓ Designating portions of the work for DBE subcontracting in trades with established availability of DBE subcontractors.
- ✓ Providing a minimum of 10 days notice prior to the Bid due date to DBEs when requesting bids or proposals for furnishing material or services as a subcontractor or supplier.

Any attempt to submit false information, will result in a recommendation that the bidder be debarred from participating in future City contracts.

The contractor is required to fulfill any DBE utilization commitments made unless good cause is demonstrated for any failure to fulfill such commitment. **Written approval is required prior to**

any substitution.

The contractor will maintain records and information necessary to document compliance with Good Faith Effort requirements, and the City shall have the right to inspect such records.

Any DBE listed in the completed form entitled "Proposed Schedule of DBE Participation" (Section 01310-4) must be certified by an approved agency such as USDOT, GDOT, or SBA 8(a) prior to the due date of this bid. Proof of DBE certification such as a certificate or letter from the certifying agency is required to accompany the bid. A firm that has submitted an application for DBE certification or an application for DBE certification under review but has not been certified is not qualified as a certified DBE and will not be recognized as such during the City's evaluation process.

No bidder shall enter into an agreement with any DBE that would in any way limit the DBE's opportunities to sell to, or act as subcontractor for, any other party. Violation of this requirement would be grounds to deem the bidder non-responsive to this bid solicitation.
