

Public Safety Plan for 208 Wine Bar, LLC

- 1. Identification of days and hours of operation:** What days of the week is your business open?
For each day, what time does your business open and close?

208 Wine Bar (208) will be open Tuesday through Thursday 2pm-9pm and Friday through Saturday 2pm-10pm.

- 2. Specific measures and procedures to address crowd management both inside and outside the premise:** How do you make sure crowds inside your establishment remain orderly? How do you ensure crowds outside (lines, smokers, etc.) your establishment remain orderly?

- a. Do you have no loitering signs, if so how many, where??
- b. Do you have cameras? If so how many? Inside outside or both?

208 will have seating only and once capacity is reached, crowds will not be allowed inside for standing room only. We have a strict seating limit of 40 customers. We will not have "no loitering" signs but will have a sign that indicates outdoor seating (if/when applicable) is for customers only. We will have two cameras, inside only.

- 3. Identification of any parking areas owned or controlled by the establishment:** Where do your customers/patrons park when they're at your establishment?

208 does not have private parking.

- 4. Means of controlling access to the premises and parking area:** How does your establishment control who comes in and out of your establishment? How do you control who uses your parking areas if it's private parking? Examples would be cameras, security guards, signs, or gates.

208 employees will monitor who enters the establishment. All patrons but must 21+ and all will be carded. We will have a sign that indicates you must be 21+ to enter. There is no standing room within the bar and once seating capacity is reached, patrons will be asked to wait outside. A sign will indicate that any outdoor seating is for customers only. Two inside cameras will monitor the establishment for the safety of our staff and guests.

- 5. Security Staffing:** Do you use security guards? If so, how many? How often do you use them? Where they trained "in house" or by a company?

208 does not employ security guards at this time.

- 6. Measures used to combat underage consumption of alcoholic beverages:** What do you/your employees do to ensure that individuals under the age of 21 are not allowed to buy/consume alcohol at your establishment? Clearly state how you card customers.

- a. Do you have servers calculate the age by doing the math in their head?
- b. Or b) do you have a scanner where you scan the ID and it tells the employee how old the subject is?

Public Safety Plan for 208 Wine Bar, LLC

- c. Or do you enter the date of birth in a point of sale and it tells the employee the age of the customer?

Anyone under the age of 21 will not be allowed to patronize 208. There will be a sign indicating the age requirement. All employees will be trained to calculate the age of patrons by doing the math in their head.

7. **Measures used to distinguish between patrons who are over and under the age of 21, where applicable:** Does your establishment allow individuals under 21 to enter? If so, how do you identify people who are 21 and over from those who are under 21 years of age? Clearly indicate if you gave wrist bands/hand stamps or card subjects every time they order a beverage. Is there another type of measure taken to prevent underage sales?

No one under the age of 21 is permitted in 208. All those who enter the establishment will be carded.

8. **Measures and procedures to combat the risk of fire:** what is being done at your location to help ensure there are no accidental fires?

208 will have a minimum of two fire extinguishers on site. We will not have any open flames on site. Our security camera system will be monitored by Simplisafe and we/emergency services will be notified in case of fire in our absence.

9. **Discuss matters related to managing emergencies, such as fires, evacuation tactics, assignment of employee duties during emergencies, and coordination with public safety:** In the event of an emergency, how is your staff trained to evacuate patrons? Do certain employees have certain duties during emergencies? How does your establishment contact/work with police and EMS during an emergency?

In the event of an emergency at 208, all patrons will be instructed to exit through the front door. We have fire alarms, a landline to dial 911, emergency lighting, and an illuminated exit sign. One of the back windows can be used as a second emergency exit (with the assistance of the fire department). All employees will be instructed to clear the main area and the bathroom and then to contact emergency services. Two security cameras will be monitored by Simplisafe and they will contact emergency services, if needed.
