

# HISTORIC SITE AND MONUMENT COMMISSION (HSMC)

Application for Historical Markers, Monuments, and Public Art

HSMC reviews all historical markers, monuments, and public art on public property; markers, monuments, and public art visible from the public right-of-way on private property within all local historic districts; murals visible from the public right-of-way. Applications must be complete before the HSMC can begin the review process. Submit this application form and all supplemental documentation as required in the "Instructions: Submittal Criteria Checklist" with one hard copy and in PDF electronic format. Electronic files can be emailed (10mb limit) or submitted with the application on a disc.

File No.: \_\_\_\_\_ (staff only)

TO: Historic Site and Monument Commission, City of Savannah

FR: Benjamin Hill, Historian—Chatham Artillery

RE: Chatham Artillery Monument, Emmet Park—East Bay Street

DA: 17 November 2020

To the HSMC:

The Chatham Artillery requests the laying of another tablet to honor the service of the men and women assigned to the 1st Battalion, 118th Field Artillery Regiment, Savannah, Georgia Army National Guard for their service in Afghanistan, 2018-2019.

This tablet, like the other tablets honoring previous deployments, measures 56.5" x 30.5" x 3". It will be laid on the east side of the Chatham Artillery obelisk monument, but still inside of the knee-high fence that surrounds the monument and the other tablets. Unfortunately, the east side of the monument contains vegetation that the City of Savannah planted and will have to be removed in order to lay the new tablet.

No are no foreseeable obstructions to vehicular traffic or other right-of-way closures. The work should be preformed on a Saturday, when there is less traffic, during workable weather. The actual date of work will be determined at a later time.

If more information is needed or clarified, please contact me at [benjamin.wesley.hill@gmail.com](mailto:benjamin.wesley.hill@gmail.com) or 912-844-0320.

Respectfully submitted:

Benjamin Hill  
Historian, Chatham Artillery

**GENERAL PROVISIONS**

1. The applicant shall contact Water Operations Department, (912) 651-6584, Storm Water Management, (912) 650-7855, and Sanitary Sewer Operations Department, (912) 351-3897, five (5) days prior to start of construction to coordinate work with these departments, including locating water and sewer mains.
2. The applicant is required to maintain a minimum of ten feet (10') horizontal and eighteen inches (18") vertical separation between utilities (gas, telephone, power, cable TV) and any water lines, sanitary sewer lines, and/or storm water lines.
3. Where pavement surfaces are excavated, restoration should be completed within 48 hours.
4. If work is to be done within ten feet of high-voltage line, the "High Voltage Safety Act" requires the person responsible for such work to call 72 hours (excluding weekends & holidays) before commencing such work. Call (800) 282-7411.
5. Applicant must comply with City erosion and sediment control ordinances. Erosion and sediment control is required. Disturbed right-of-way must be protected from erosion. Any sediment entering City drainage systems shall be removed.
6. Disturbed areas shall be stabilized and re-grassed once work is completed. New sod must be watered until survival is assured.
7. Roots, trunk, and branches of city trees shall not be cut, pruned, or removed without prior consent from the Park and Tree Department. It is not permissible to store material, soil, equipment, machinery or vehicles within the drip line of a tree. All utility installation within the drip line of a tree shall be done using jack, bore, or air spade technology only. Contact the Park & Tree Department, (912) 651-6610, with questions.
8. No trench in pavement shall be kept open more than five days (permit void after this date). If work cannot be completed within the dates specified, a written request for extension must be made to the Traffic Engineering Director, Post Office Box 1027, Savannah, GA 31402 or fax to (912) 525-1535.
9. The applicant agrees to comply with the Savannah City Code 4-1071, as it relates to work on the right-of-way. A copy of this section is available.
10. Approval of this work permit does not permit detouring of traffic or street closing unless specifically approved by the Traffic Engineering Director. Method of street closing or traffic detour must accompany permit application.
11. Exposed concrete shall be tinted per City standards.
12. Applicant shall comply with the City of Savannah Traffic Controls for temporary street construction and maintenance as well as the latest edition of The Manual on Uniform Traffic Control Devices (MUTCD) and is responsible for providing all traffic control devices at their own expense.
13. Applicant must comply with all City parking regulations. Permit requests for metered and non-metered regulated areas within the Historic District must include specific information on vehicles which will be parked on site. Vehicles must have current City of Savannah Commercial Decals and only vehicles which are required to be on site for a specific use will be permitted. If you have any questions about parking, please contact the Parking Services Department at (912) 651-6474.

**The applicant shall assume all liability for and save the City of Savannah, its agents and employees harmless from any and all claims for damages, actions, or causes of action arising from work done under this permit.**

(I, we) the undersigned herewith accept the terms, conditions and general provisions of the regulation as laid down by the City of Savannah and agree to fully comply therewith to the satisfaction of the Traffic Engineering Director.
