

To Whom it May Concern:

April 4, 2017

Let this letter indicate my support of the revised carriage tour ordinance. I am pleased the carriage tour operators, and the City of Savannah will be able to move forward as a unified front, to represent our agreement on the care and welfare of the horses, and on the topic of tourism as a whole, in our city. We look forward to much needed support from the City at times when our industry may be called into question by those with differing opinions about the relevance of horse carriage tourism in Savannah, as a result of our time, cooperation, and good intentions.

Sincerely,

Cara Marshall

Dear Bridget,

I thank you for your time revising the 1977 Horse-drawn carriage ordinance. I believe this final draft is functional and I support its passage.

Thanks again!

To Whom it may Concern:

I am the principal owner of Historic Savannah Carriage Tours, a carriage company that has been operating in Savannah, GA for over 20 Years.

I support the draft revisions to the HORSE-DRAWN CARRIAGES FOR HIRE ordinance dated 02/13/2017. Most of the changes are long overdue clarifications to an outdated ordinance.

The Equine Heat Policy in Sec. 6-1596 is the section that has received the most comments from carriage owners, like myself, small numbers of vocal concerned citizens, and city officials. It is important to note that the Carriage Tour Companies in Savannah have successfully self regulated for over 40 years without a heat related horse incident. With this being said, out of an abundance of caution, we have agreed to the Heat Policy changes as proposed.

Sincerely,

A handwritten signature in black ink, appearing to read "John Tarr". The signature is written in a cursive style with a large loop at the end.

On behalf of Plantation Carriage Company I support the carriage ordinance. I showed up in person to support the ordinance in the last TAC meeting discussing the carriage ordinance.
