

TRUSTEES' GARDEN CLUB FORSYTH PARK PROJECT

PROJECT MISSION: The mission of Trustees' Garden Club Forsyth Park Project is to build a foundation of historical research and community involvement to steward and manage change in and for Forsyth Park.

GOAL WITHIN MISSION: In partnership with the City of Savannah and the community at large, to create a three-part STEWARDSHIP PLAN for Forsyth Park.

While each component acts as a stand-alone tool for use in managing change, each informs the next. Used together they form a comprehensive plan to steward Forsyth Park for future generations.

FORSYTH PARK STEWARDSHIP PLAN
