SECTION 01310
DISADVANTAGED BUSINESS EMPLOYMENT PROVISIONS

The City of Savannah actively encourages employment and participation of small and disadvantaged businesses in all City contracts. Attention of the bidders is called to contract conditions contained herein pertaining to non-discrimination, equal employment opportunity, subcontracts, and opportunities for project area residents.

It is the policy of the City of Savannah that disadvantaged business enterprises (DBEs) be given fair opportunity to participate in the performance of services for the City, and that prime contractors utilize DBE subcontractors and suppliers to the fullest extent possible consistent with the efficient performance of the contract. The City of Savannah has not established a DBE goal for this project. However, DBE participation is encouraged wherever possible.

In order to determine compliance, bidders shall submit the following completed documents in a separate sealed envelope clearly marked with the bid number, project name and number and marked (Section 1310 Disadvantaged Business Employment Provisions) with their bid:

1. Non-discrimination statement (Sec. 01310-3) and;
2. Proposed schedule of disadvantaged business enterprise participation (Sec. 01310-4) and;
3. Documentation of Good Faith Efforts [Submit only if the goals are not met.]

Failure to submit the required documents shall result in the bid not being read or considered.

Suggestions to help meet the goal:

✓ Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation of DBEs.

✓ Advertising in general circulation media, trade association publications, or disadvantaged business enterprise media to solicit bids from DBE subcontractors or suppliers. [Advertisement should appear at least 10 days prior to bid due date, unless the City’s solicitation period is shortened.]

✓ Designating portions of the work for DBE subcontracting in trades with established availability of DBE subcontractors.

✓ Providing a minimum of 10 days notice prior to the Bid due date to DBEs when requesting bids or proposals for furnishing material or services as a subcontractor or supplier.

Any attempt to submit false information, will result in a recommendation that the bidder be debarred from participating in future City contracts.

The contractor is required to fulfill any DBE utilization commitments made unless good cause is demonstrated for any failure to fulfill such commitment. Written approval is required prior to
any substitution.

The contractor will maintain records and information necessary to document compliance with Good Faith Effort requirements, and the City shall have the right to inspect such records.

Any DBE listed in the completed form entitled “Proposed Schedule of DBE Participation” (Section 01310-4) must be certified by an approved agency such as USDOT, GDOT, or SBA 8(a) prior to the due date of this bid. Proof of DBE certification such as a certificate or letter from the certifying agency is required to accompany the bid. A firm that has submitted an application for DBE certification or an application for DBE certification under review but has not been certified is not qualified as a certified DBE and will not be recognized as such during the City’s evaluation process.

No bidder shall enter into an agreement with any DBE that would in any way limit the DBE’s opportunities to sell to, or act as subcontractor for, any other party. Violation of this requirement would be grounds to deem the bidder non-responsive to this bid solicitation.
