Mayor Johnson declared the hearing open for agenda item #9.

Speaker(s):

- Edward Morrow, MPC representative
- Ms. Georgia W. Benton - OPPOSED
- Mr. Curley Green, representing Second Arnold Baptist Church - OPPOSED

a. Ald. Leggett moved to close the hearing for agenda item #9, seconded by Ald. Wilder-Bryan and Ald. Palumbo. The motion passed unanimously, 9-0-0.

b. Ald. Leggett moved to approve the special use permit for agenda item #9, seconded by Ald. Miller Blakely and Ald. Palumbo. The motion passed unanimously, 9-0-0.

Mayor Johnson asked if the issue dealing with stacking vehicles was a part of any recommendation. Mr. Morrow answered no and explained that he was making a statement purely for the record just so it does not become a nuisance, and this has been fully permitted. City Manager Melder added that the special use permit only deals with the ability to do alcohol

sales. Traffic planning will happen or has happened at the permitting stage, and he will take that comment back to them.

Mayor Johnson asked the City Manager if the restaurant meets the legal distance requirements. City Manager Melder explained the request meets the legal requirements for the special use permit. This is not the alcohol license request which will come later because it (the business) sits in a district that requires a special use permit before they can apply for an alcohol license. If there were restrictions for the proximity to churches or schools that will impact their ability to sell spirits, then yes, that will impact the type of alcohol license they could receive. This (request) is the zoning that says this parcel is appropriate for alcohol sales. City Council will hear the alcohol license, if that comes in the future.

Ald. Leggett asked for clarity that the request today pertains to the ability to sustain a liquor license, but they will have to come back before us (City Council) to obtain a liquor license. The City Manager responded yes, that is true. Then he gave background on how/why this came about, along with options to consider. Ald. Leggett restated and queried that it will be appropriate for the public to weigh-in once it is time for an alcohol license to be established (Yes). City Manager added that this alcohol right does not stay with the property, if it were to be sold then the special use permit will be dissolved. Any new owner would have to come back to request a special use permit, as well as an alcohol license. Ald. Leggett asked the City Manager if they would be able to sell alcohol after today, if approved (No).

Mayor Johnson stated if he heard concerns about selling alcohol he would preemptively meet with them to reach a meeting of the minds before applying for an alcohol license, creative more space and opportunities for communication.

Ald. Bell stated she was going to ask Ald. Leggett if the owner had any communication with him or the Mayor. If this request is approved today, she agrees that before they come back for the alcohol license she suggests they have a meeting of the minds with the neighbors.

Ald. Miller Blakely stated that they will have a meeting with those who opposed what is happening. She asked staff to let the owner know that he needs to reachout.

Ald. Wilder-Bryan stated she likes to agree with whatever the sitting Alderperson says, but she is into protecting communities. Anyone who expressed they are against it, but has not talked to the owner is a problem for her.

Mayor Johnson repeated this is not for a liquor license, this is for zoning which must precede obtaining an alcohol license. It is conceivable for Council to approve a special use permit and not approve an alcohol license.

[10. Petition of Ryan Williamson, Agent, for Strangebird Savannah, LLC on behalf of the Savannah College of Art and Design for a Special Use Permit in the TC-1 \(Traditional Commercial-1\) Zoning District to Allow for Accessory Alcohol Sales \(Distilled Spirits\) in Association with a Restaurant for 0.29 Acres at 1220 Barnard Street \(PIN 20044 35006\) in Aldermanic District 2 \(File No. 24-006412-ZA\).](#)

b. Ald. Leggett moved to approve the special use permit for agenda item #10, seconded by Ald. Palumbo. The motion passed unanimously, 9-0-0.

Mayor Johnson asked if they want to pursue this today, and are they operational, given the recent fire damage they experienced. City Manager Melder answered it is their understanding that they suffer fire damage which is being addressed and they are trying to get back open as soon as possible. Mr. Morrow added they received an email from the owner requesting to please proceed.

Ald. Leggett asked Mr. Morrow how substantial the damages were to the building. Mr. Mason explained it is still very early, but they hoping to rebuild. They have already started mitigation and a fence is around the area. They do not have a timeline, but they are hoping four months. Ald. Leggett asked if it will be in the best interest of the petitioner to postpone this request.

Mayor Johnson advised the decision is totally up to them.

Ald. Wilder-Bryan stated she was to make sure that the petitioner is not going to be asking for a prorated fee on the liquor license (No).

Ald. Miller Blakely asked if this restaurant is directly across the street from The Black Rabbit at Henry/Barnard (Yes).

Ald. Miller Blakely moved to approve purchasing agenda item #15, seconded by Ald. Purtee and Ald. Lanier. The motion passed unanimously, 9-0-0.

Ald. Miller Blakely asked if this is the final phase for the project (No). This procurement is for the design phase only, and the City Manager described what future expenses might include. Ald. Miller Blakely then asked if the particular vendor would be paid more than what is proposed on this procurement or would this be the final expense. The City Manager responded it is their intention, but there will be development and construction dollars that will be needed as well. He further stated they will keep a close eye on contract modifications, with construction of this project to be completed by summer of 2027. Ald. Miller Blakely stated she is glad to see that it is a DBE business. City Manager Melder stated it is local as well.

Ald. Lanier stated she had a similar question about timeline. When Bret (Bell) was here they had been communicating on this project. She hasn't had any conversations on it and the status of it right now. She has completed most of her (rounds) community meetings for the month. Her residents are saying the same things and asking the same questions. Regarding projects they want to know the status and timelines. They inquire about drainage, grants at springfield canal, water works projects, Adams sign, neighborhood signs, pearl smith, and traffic calming. The cry is that they are not seeing any activity on these projects. City Manager stated he will make sure staff gets with her.

Mayor Johnson stated there are other opportunities that he is personally pursuing regarding some philanthropic opportunities to recover costs, either value enhancement or to deduct the cost that Council would have to approve. Stay tuned about that.
