Crowd Management: No Loitering Signs are not present. There are 3 exterior cameras covering the outside of the property. Loiters are asked to leave promptly.

Inside the store, there is not an issue of crowd control. The sales are off premises for alcohol and we have a limit of how many people can enter the store at one time. We have cameras inside the store in all areas too.

3. How is parking identified for being for this establishment and how is it controlled if it is private parking?

Parking outside of the establishment is solely for the establishment and is listed as such on the door of the business. That is where customers park.

4. What are the means for controlling access to the premises and parking lot

Access Control for Parking.

-three cameras posted outside 24/7 with wireless viewing

-Tow away sign

-cameras can be remotely monitored and towing company can be called

5. Security Staffing Do you have Security Guards? Do you employ Off-Duty Police Officers?

We do not employ Security Guards at this store. We do not employ off-duty police officers at this store.

6. What do employees do to ensure underage selling of alcohol does not happen at this establishment?

Measures for combating underage consumption

- carding all customers, have a electronic sign provided from the "This is Our Watch" program of the FDA that says the date at which the youngest a person could be to sell according to the legal age of 21 to sell alcohol and tobacco products.

-All employees working have taken training classes certifies how we are supposed to handle IDing customers and selling alcohol

7. Measures used to distinguish patrons who are over and under the age of 21

-We do allow patrons under the age of 21 to enter as it is a convenience store business

-Identification of people over 21 for selling alcohol is done by ID checking for all customers

8. Measures and procedures to combat risk of fire .What is being done to ensure there are no accidental fires

We do not have any flammable items present at the business but we do have a fire extinguisher present at the business if the situation were to ever arise. All employees are trained how to use the fire extinguisher and to call the Police/Fire Department.

9. Discuss managing emergencies and responsibilities of the employees in those situations

All employees are trained to call 911 and notify Police and EMS of the address and the situation at hand.

All employees are trained to calmly escort all patrons out of the business through the front or back door depending on the situation of the emergency.
