Recommend approval to renew an annual contract for civil design engineering services with Wolverton & Associates in an amount not to exceed \$300,000.00. These services will be used for various construction projects on an as-needed basis.

The method used for this procurement was the request for proposal, which evaluates criteria in addition to cost. Proposals were evaluated on the basis of qualifications and experience, methodology, references, MWBE participation, local vendor participation, and fee proposal. The fees were based on hourly rates of various necessary positions for the engineering services including principal engineer, senior engineer, junior engineer, administrative assistant, field investigator, CAD technician, project administrator, and others. The average hourly rate for Wolverton & Associates is \$105.18 per hour.

Proposals were received September 20, 2016. This contract was originally awarded by Council on December 6, 2016. This is the second of four renewal options. The proposers were:
