The business does not operate as a nightclub and does not have transitional operating periods involving cover charges, live entertainment, or changes in age restrictions.

Means of controlling access to the premises and parking areas.

Access to the premises is controlled through a single main entrance monitored by staff. Identification is checked at the bar prior to alcohol service. Security cameras monitor the entrance and interior areas. Since the establishment does not control any parking areas, parking access is governed by City of Savannah public parking rules.

Security Staffing.

First City Brewing does not employ full-time security guards. Management and trained staff monitor patron behavior during all hours of operation. If special events or higher-than-normal attendance are anticipated, additional security or off-duty Savannah Police Department officers may be hired as needed.

Staff will be trained to use a POS age verification system to ensure no one under 21 will be served alcohol. Alcohol is served only by trained employees in compliance with state and local alcohol laws. Underage individuals are not permitted to consume alcohol under any circumstances. All employees will be ServSafe certified.

Specific measures and procedures to combat the risk of fire.

Discussion of matters related to managing emergencies, including fire, evacuation tactics, assignment of specific emergency management duties to personnel, coordination with public safety officers and emergency medical matters.

In the event of an emergency, staff are trained to calmly direct patrons to the nearest exits and assist with evacuation as needed. Management assumes responsibility for contacting emergency services by calling 911 and coordinating with Savannah Police, Fire Department, and EMS. Staff are trained to provide basic assistance until emergency responders arrive and to follow instructions provided by public safety officials.
