

The Tailgate Sports Bar

Security Plan

- 1. Identification of Days & Hours of Operation-** We are open 7 days a week. Our hours of operation are Monday through Saturday 11:30 am to 3:00 am. On Sunday we are open from 12:00 pm to 2:00 am. 30 minutes before closing we turn up all of the lights and announce last call. Our staff will start closing tabs so customers can prepare to exit the building. At 15 minutes to closing we ask customers to start exiting the business in order for us to have everyone except employees out by close.
- 2. Specific measures and procedures to address crowd management-** We have personnel at the main entrance that uses one of our two scanners to scan ID cards, and keep count of the number of customers in our building at any given time. Our Fire occupancy is 131 but door personnel are trained to limit our customers to no more than 100. We have a designated smoking area approximately 15 feet from the main entrance that enables our door personnel to keep an eye for any disturbances. Our staff are trained to be aware of any "situations" and alert our security personnel immediately so it can be properly and swiftly addressed.
- 3. Identification of Parking Areas-** We have a striped parking lot that is dedicated to our building.
- 4. Means of controlling access to the premises and parking area-** Our business is located in a "strip mall". We only have one means of ingress and egress into the parking lot. We also have HD cameras facing our parking lot that are monitored nightly. We employ ID scanners to check IDs day and night.
- 5. Security Staffing-** Our door personnel are trained in house by our Head of Security who is a former Marine. Our General Manager also has 30 plus years of experience in this industry, with training in martial arts. We have a customer base that is 80-85% regulars. As such there is a high degree of familiarity and a low degree of "drama". In the event we're expecting a larger crowd than usual we make sure to have extra security scheduled.
- 6. Measures to Combat Underage Drinking-** We do not allow anyone under 21 years of age into our establishment. Service staff and security personnel all have ServSafe training. They are trained to check all IDs visually and using one of our two ID scanners. We have security personnel at the main entrance 7 nights a week from 9:00 pm until everyone leaves for the night.
- 7. Measure to Distinguish under 21 and over 21-** We don't allow persons under 21 years of age in our establishment at any time of the day

- 8. Measure to Combat the Risk of Fire-** We have our exhaust hood cleaned quarterly. We have our Ansul fire protection checked semi-annually. We ensure that there is no grease buildup anywhere in the kitchen. Greasy rags are kept in a closed container away from and fire or electrical source. All of our staff receives training on how to use the various fire extinguishing systems we have in the establishment.
- 9. Managing Emergencies-** In the event there is ever an emergency, all of our staff have been trained to get patrons out of the business, via our two exits, as quickly and calmly as possible. They are also trained to call 911 immediately from a landline if possible or from a cellular from if necessary. After 911 has been alerted and Emergency services are alerted and enroute, the staff knows to call the General Manager, so they can be on scene to help with any investigation.
