Security Plan for The Bootlegger

- 1. What are the days of the week your business will be open? For each day what time will your business open and close?**

The Bootlegger will be open Sunday through Saturday (7 days a week) from the hours of 11:00 AM to 11:00PM.

- 2. How do you make sure that crowds inside your establishment remain orderly? How do you make sure the crowds outside your establishment remain orderly? Do you have no loitering signs? Do you have cameras inside/outside?**

Our restaurant staff and Manager on Duty presence will be at The Bootlegger daily to control crowds and keep order if needed. We will have two cameras mounted outside the building to see East and West of The Bootlegger entrance and we will have 4-6 cameras mounted within The Bootlegger to monitor patrons and staff.

- 3. Where do your customers park?**

Our customers will utilize public parking on the Abercorn Ramp, or Bay Street public parking, Bryant Street Parking garage or they may use the River Street Inn Valet service.

- 4. How does your establishment control who comes in and out? How does your establishment control parking if it is private property?**

The Bootlegger only has one entrance in/out of the establishment at 115. East River Street # 104. As it will be a restaurant/bar serving food and drink the general public will be allowed in during our business hours. Since parking is public, we will not be monitoring it and is park at own risk.

- 5. Do you use security guards?**

There will be no use of security guards initially upon opening The Bootlegger.

- 6. What do you or your employees do to ensure that individuals under the age of 21 are not allowed to buy/consume alcohol in your establishment?**

All of our line level staff (servers, bartenders and all management) will be T.I.P.S certified and go through that training. We will ID all patrons regardless of age to ensure that they are 21 years of age, we will have the MICROS Symphony POS system and it will prompt our staff to enter the DOB of the patron and will verify that they are 21 years of age as well.

7. Does your establishment allow individuals that are under the age of 21 years of age to enter? How will you identify anyone whom is under the age of 21 in your establishment?

The Bootlegger will be open to the public for food and drink as we will be classified as a restaurant and bar serving a menu of food as well as alcohol. We will card all people whom are asking for alcoholic beverages as stated in question # 6.

8. What is being done at your location to ensure that there are no accidental fires?

All of our kitchen staff will be properly trained on how to use all equipment in the kitchen area. There is also an Ansel suppression hood system in the kitchen for the flat top grill, we have a sprinkler suppression system throughout the restaurant space, and we will have multiple fire extinguishers in the space as per mandated by Savannah Fire Code.

9. In the event of an emergency how is your staff trained to evacuate patrons? Do certain employees have certain duties during an emergency? How does your establishment contact/ work with police/EMS during an emergency?

As The Bootlegger is part of the River Street Inn entity, we will hold monthly trainings, fire drills, evacuation procedures and disaster trainings. Each associate will be assigned a task to complete during the emergency to ensure that all patrons and staff have been evacuated from within the space. There is a landline phone as well as a fire panel connected to the 911 system dispatch to be able to communicate, notify Savannah Emergency Services. Our supervisory and management staff will also have their cellular devices to be able to communicate with Savannah Emergency Services as well.
