3. General Provisions 3.10.2:

The General Provisions for Special Uses identify the purpose of the process and are as follows:

- special uses within each zoning district are uses that would not be appropriate generally or without restriction but which, if controlled as to number, area, location, or relation to other uses may be appropriate in a particular zoning district;
- a special use permit shall be required for all special uses (identified with an “S” designation) as set forth in the permitted use table in Sec. 5.4, Principal Use Table or as part of a use condition in Article 8.0, Use Standards;
- specific use standards may be applicable to the approved special use; and any use or activity on the property not specifically permitted by Article 5.0, Base Zoning Districts, or the special use permit as modified, shall be deemed unlawful and subject to Article 12.0.

4. Review Criteria for Special Use Permits Section 3.10.8:

When reviewing a Special Use Permit request, the review authority shall consider the following criteria:

- a) Whether the Special Use is consistent with the intent, goals, strategies, policies, guiding principles and programs of the Comprehensive Plan and other adopted plans:

Staff Comment: The Petitioner’s Special Use Permit request as a theater is consistent with the intent, goals, strategies, policies, and principles of the Traditional Commercial (TC) Future Land Use Map (FLUM) designation in the City’s Comprehensive Plan. The TC FLUM is defined as business areas in close proximity to Downtown Savannah or in outlying historically settled areas. This category includes commercial uses that should be compatible with the character and scale of adjacent neighborhoods, most often found along collectors and arterials. Characteristics include walkability, limited or on street parking, and multi-tenant retail.

- b) Whether specific use standards for the special use, if any, as provided in Article 8.0, Use Standards can be achieved.

Staff Comment: The Petitioner’s request to allow a retail consumption dealer in connection with a theater is exempt from the use standards for the special use requirements established in Section 8.0.

- c) Whether the special use is detrimental to the public interest, health, safety, welfare, function, and appearance of the adjacent uses or general vicinity by reason of any one or more of the following: the number, area, location, height, orientation, intensity (such as traffic, noise, odor, hours of operation), or relation to the neighborhood or other adjacent uses.

Staff Comment: The Petitioner’s request for a retail consumption dealer as an accessory use to a theater is permitted by Special Use within the Traditional Commercial (TC-1) Zoning District. The Petitioner’s requested use as a theater is not detrimental to the public interest, health, safety, welfare, function, and appearance of the adjacent uses.

- d) Whether the subject property is adequate in shape and size to accommodate the Special Use.

Staff Comment: The subject property is adequate in shape and size to accommodate the Petitioner's request. There's an existing commercial building located on the subject properties.

- e) Whether adequate public facilities are available to serve the proposed use, including, but not limited to water; sanitary sewer; stormwater drainage facilities; public safety and emergency facilities; roadway capacity; vehicular ingress and egress; or, that the applicant will provide adequately for such services and for placement in an appropriate location.

Staff Comment: Water and sewer are currently available to the subject property. Stormwater is not readily available to the site. The nearest police station is about 0.2 miles away at 21115 Bull Street. There are no fire stations within a quarter of a mile of the subject property.

- f) Whether the Special Use will result in the destruction, loss, or damage of any feature determined by the review authority to be of natural, cultural, scenic, or historic importance.

- g) **Staff Comment:** The Petitioner's Special Use Permit request will not result in the destruction, loss, or damage of any feature determined by the review authority to be of natural, cultural, scenic, or historic importance.

ALTERNATIVES:

- 1. Approve the Petitioner's request as presented or with recommended and/or other conditions.
- 2. Deny the Petitioner's request.

RECOMMENDATION:

The Planning Commission recommends **APPROVAL** of the Petitioner's Special Use Permit request to allow a retail consumption dealer in connection with a theater at 15 and 25 Maupus Avenue, Savannah, GA 31401 with the following **CONDITIONS**:

- 1. This Special Use Permit shall be nontransferable.
- 2. Operate only in conjunction with the theater use.
- 3. Alcohol sales are limited to on-premises consumption only.
