

Strangebird Savannah LLC Public Security Plan

1220 Barnard Street
Savannah, GA 31401

Hours of operation: Monday-Sunday 11am -9pm

Management & Security Staff:

Strangebird will employ security as needed according to business trends and special events. The following manager will be available to assess security needs.

David Mason
54 Mainland Lake Drive, Bluffton, SC 29910
06/22/80
843-540-9024

Daniel Aranza
80 Gumtree Road, Hilton Head Island, SC 29926
01/04/1990
843-290-5002

Checking ID & Controlling Entrance to Underage:

Strangebird will only accept a readily identifiable government-issued identification instrument. All patrons ordering any alcoholic beverage will be required to present proper identification. A month and year reminder will be posted near all POS devices. Any ID that is suspected to be fake or altered will be turned over to management for presentation to police.

Crowd Management & Public Safety Concerns:

Strangebird will employ a security strategy that focuses on early identification, isolation, and de-escalation. We will train all staff to notify security of patrons that begin to show signs of a problem. A manager and security staff will take this person aside, so they don't feel like they need to retaliate or get defensive. The patron will be notified that they have been identified as a possible problem and that they need to modify their behavior. This can include cutting off of alcohol, sending some food out on the house, etc. The patron will be informed that should any problematic behavior arise or continue, they will be removed. By addressing a problem before it develops, we can avoid (to the best of our abilities) any physical disturbance. As a family friendly establishment, public safety is our number one concern.

- 1) We will display no loitering signs on premise.

- 2) There are 4 active security cameras on property. Please see Site Plan for locations.
- 3) Parking: There are 10 dedicated parking spaces that will be marked for Strangebird customers only. SCAD has reserved the right to keep the remaining parking spaces available for their staff and students.
- 4) Measures and Procedures to combat the risk of fire: Our staff will be educated and trained on appropriate fire safety measures on how to properly extinguish candles and other fires. All fire safety extinguishers and pulls have been installed and will be monitored. All staff will be trained and educated on the location and how to effectively use each fire pull and extinguisher throughout the building.
- 5) Managing Emergencies -
 - a) Fire Safety Protocol: The back of house/kitchen staff will be trained to pull the fire suppression system handle upon viewing an active fire that is under the exhaust hood. . There is a fire extinguisher in the rear of the building near the exit door that can be used to suppress any fire that may not be under the hood. All back of house/kitchen staff will use the exterior door for exiting the building. The front of house staff will direct all guests to the closest of two front exits. A second extinguisher is located near the front door, which can be used to suppress any fire within the front of the space. Please see attached Evacuation Plan.
- 6) Off Premise Class A Catering License safety plan. All beverages will be transported to and from the business location in closed storage containers or coolers. The driver will be an employee 21 years of age or older and will be transporting beverages in a company owned catering vehicle that will be licensed and insured by FARM Hospitality Group, LLC the parent company of Strangebird Savannah LLC. The product will be dispensed and served by only to persons 21 years or older. Identification will be checked in the same manner explained above, being consistent with the in house standards.
