NOTES		
<p>ShotSpotter Missions solution is a crime forecasting and patrol/task force management system designed for more precise and effective policing. ShotSpotter Missions uses artificial intelligence-driven analysis to help strategically plan patrol missions and tactics for maximum crime deterrence—effectively extending the capabilities of ShotSpotter Flex to deter gun crime before it occurs. The system incorporates data such as crime events, temporal cycles, and geographic locations to produce high probability crime forecasts. These forecasts or predictions are then turned into a patrol plan (“mission”) and disseminated to officers in the field. Also included as part of this agenda item is a one mile expansion of the existing ShotSpotter coverage area at no cost for the first year.</p> <p>Recommend approval of sole source contract with the terms of December 5, 2019 to December 4, 2020 in the amount of \$63,750 and approval of the ShotSpotter flex amendment. Delivery: As needed. Terms: Net 30 days. The vendor is:</p> <p>S.S. ShotSpotter, Inc. (Newark, CA)^(D) \$63,750</p> <p>A pre-bid conference was not conducted as this is a sole source procurement. (D) Indicates a non-local, non-minority owned business. Recommend approval.</p> <p>Local Available: No Total Sent: 1 Total Received: 1 DBE Received: 0 Vendor Federally Debarred/Suspended: No</p>
