

30 X 7

KATHARINE JUDKINS CLARK—ELINOR ADLER DILLARD—ANNA COLQUITT HUNTER
LUCY BARROW McINTIRE—DOROTHY RIPLEY ROEBLING
NOLA McEVOY ROOS—JANE ADAIR WRIGHT

These seven ladies are recognized and honored in grateful recognition and lasting appreciation of their heroic effort in 1955 to save the Davenport House from demolition and to inspire the preservation of historic structures in the city of Savannah. Their success in raising the necessary funds to purchase the house provided the catalyst to found Historic Savannah Foundation with a group of like-minded Savannah residents. This proved to be the turning point to limit destruction of the remaining historic structures in the city and to establish basic guidelines for future preservation efforts.

to me

Mrs. Brannen,

I apologize for the late reply. Based on our annual contractor's pricing per square yard of new brickwork and lump sum for site grading the cost came out to \$4050 for the brickwork. As we did not believe it would actually cost that much for such a small area we asked for quotes. To date we have not received a response so for the time being I would go with this high number, hoping for it to be less once we get a quote returned.

Please let me know or there is anything else you need.

Gordon D. Denney, PLA

City of Savannah

Senior Director, Park and Tree Department
