

PUBLIC SAFETY PLAN

THE NARRA TREE

7054 Hodgson Memorial Drive 31406

(912) 417 2008 | narratreesav@gmail.com | @narratreesav

The Narra Tree is currently open from 5:00PM to 9:00PM from Sunday to Thursday, 5:00PM to 10:00PM on Friday and Saturday, and closed every Tuesday. We plan to open lunch in two weeks, target date is May 24. Our hours for lunch will be 11am - 2pm everyday except Tuesday.

No Smoking Area is placed outside the doorway, we have 6 cameras inside, and we made sure that there is a prominent space for guests and employees to walk through.

We have a large parking lot in front of us that could easily fit over 50 vehicles. The parking area is for the whole plaza which is very sufficient for all the tenants and guests.

No security guards.

To make sure will be serving a guest over 21, we will ask everyone's proper identification card when they order alcoholic drinks. It has to be taken out of the wallet, handed to our servers or bartenders who are all TIPS certified. When it is in our hand, we can feel it, rub it, touch it and feel any large or small imperfections if something was changed. All our servers and bartenders should know the day and year someone has to be, we will help reminding by posting the date of qualification for consuming alcohol on our daily reminder board. Then, we'll look at the person if he or she matches the person on the photo. The team members can also ask questions regarding the ID, example - birthdate and address. If there's still a doubt, every team member is encouraged to ask for supervisor or manager for help in verifying.

To combat accidental fire, nobody is allowed to smoke or play with any fire hazard materials indoors, we also have four fire extinguishers and team members are trained to handle emergencies.

During emergencies, we have our team members trained for handling and managing with specific roles such as who calls the authorities (our restaurant phone is wired that if we call 911, they will know immediately who and where we are as a restaurant), who checks and takes care of the guests and lead them to safety through main door or emergency back exit.
