The WW2 historical military marker illustrates the theme A World Apart when the world was at war.

The marker, sponsored by a local Veterans organization, The Veterans Council of Chatham County, reminds us of both world and local history, and the humanitarian efforts by hundreds who were involved during the war.

The marker is a tribute to those who served in combat, and to the many from Savannah/Chatham County involved in the shipyards at the Savannah Port.

There will be a fee for Escrow (assigned by the city council), and an installation fee after the city council approves. The Vets council has agreed to pay for this project.

### WORLD WAR II MEMORIAL "A WORLD APART"

Initiated and funded through the efforts of the Veterans Council of Chatham County, the World War II Memorial was designed by local architect Eric Meyerhoff, sculpted by artist Kim Brandell, and dedicated on Veterans Day 2010. The Memorial's theme, "A World Apart" represents the global nature of World War II (1941-1945), which was fought on numerous battlefronts simultaneously. As an active port, Savannah supplied valuable war materiel, including Liberty ships and minesweepers built along the Savannah River. The Memorial honors the 527 fallen Chatham Countians, including 93 Merchant Mariners, and the over 407,000 Americans who died in World War II.

Erected in 2024 by friends of those who died in World War II from Savannah.

# World War II Memorial, "A World Apart"

The theme "A World Apart" represents the simultaneous global conflict of World War II (1941-1945) on opposite sides of the Earth and the substantial contributions of Savannah toward victory. The U.S. rapidly produced war materiel, planned worldwide logistics, and trained millions of military personnel.

"A World Apart" is dedicated to that "Greatest Generation." More than 407,000 Americans died in service, with 527 fallen from the Savannah area, including at least 93 Merchant Marines from the Port of Savannah going down with their ships, including Liberty ships and minesweepers built in Savannh River shipyards.
